After Payroll confirmation, a manual check request could be submitted. This results in a paper paycheck issued 1 week before the next B-paycheck, or 2 weeks before the next M-paycheck. Direct deposit is not an option.

There are minimum gross payout requirements for each payroll type: M= \$406 and B= \$290

This requires School/Division HR officer signature.

Employee Status

Each employee has two different types of statuses in the system. A Payroll status and a HR status. They can be the same or different and impact many different HR actions in the system.

The current payroll status for an employee “sticks” with the employee regardless of other HR actions submitted for the employee.

It stays in effect until it is changed, explicitly, via an ePAR.

Rajani Trainer is a current graduate school student with a TA job in her department. Her HR representative correctly submitted an 'Edit Existing Job ePAR' to change her status to short work break before she started her summer break.

When she returned for the Fall semester the HR representative submitted a 'Hire an employee ePAR' to transfer her into her new TA job.

Rajani did not get paid, why?

If an employee has multiple jobs and goes out on a leave of absence, do you need to change the status on each job?

ANSWER

ePAR is submitted to place Primary job on PAID LOA

Secondary Jobs are automatically placed on UN-PAID LOA

Can you have two ePARs using the same 'Change Return Date' action code, two times in a row for an employee?

ANSWER

Step 1 of 2: Enter Status Change Information

If an employee is returning from a leave of absence, and had multiple jobs before taking their leave, do you need to change the status on each job?

ANSWER

If an employee has multiple jobs and is terminated, do you need to change the status on each job?

ANSWER

Tess VonTrain whose primary job is in the School of Medicine has two additional secondary jobs. Tess is taking a leave of absence.

What information do you need to collect first, who do you call. Which ePAR and what order to effect all the jobs properly. How will you bring the employee back from leave.

assessing real **impact**

Sometimes an employee's supplemental pay is entered on the Primary job.

What happens if this employee takes a LOA and the supplemental pay alone, should not be paid out?

assessing real **impact**

Supplemental Pay vs. Overload Payments

Scenario- Rebecca Trainhart is currently a EHRA NF employee in your department. She's also going to teach 3 individual classes for the Dept. of City and Regional Planning in October. She is the Instructor of Record for these classes, not a guest speaker. For each class, she's going to receive \$1500.00.

What do you need to submit in ConnectCarolina so Rebecca gets paid for her additional work?

ANSWER

Do you want to submit all three Lump Sum Payment ePARs at once?

ANSWER

Scenario- Zeke McTrain is going to be the Senior Director in your department. He'll also receive an additional \$1,000.00 a month to manage a research project and laboratory.

What do you need to submit in ConnectCarolina so Zeke gets paid for all of his additional work?

ANSWER

In general, what is the preferred effective date you should always use on a Lump Sum Payment ePAR?

ANSWER

**Are you up for a
Challenge...?**

Scenario- Evan Bytrainwell is a full time professor in your department.

He also has two secondary jobs: a Lab Director and an Adjunct Professor at The Friday Center. In addition, he is also serving as the Interim Dean for your department and getting supplemental pay on his primary job.

So, now what are your next steps?

Evan has just informed you that he needs to take a leave of absence. However, he will be able to continue serving on the search committee for the new Lab Manager (since the committee is in the middle of this process).

What's your first question?
IT'S A PAID LOA.

ANSWER

Checkboxes on ePARs

Several ePARs have questions that require
require you to mark or unmark a

ANSWER

I do not wish to update compensation/funding on this action.

ANSWER

I do not wish to update compensation/funding on this action.

The system does **NOT** display the Compensation page, allowing you to change other fields on the ePAR and keep the existing salary information untouched, on record.

I do not wish to update compensation/funding on this action.

The system **WILL** display the Compensation page, allowing you to change salary and funding support information on the ePAR, along with the other fields.

- Before you hire anyone, look up the PID using the multiple summary link. This gives you a picture of their FTE, EED etc.
- Track your actions. Follow your ePARs through execution
- Run the EED report in InfoPorte every month
- Get to know the payroll calendar and the deadlines every month
- Keep in mind, many paper forms are still required and must be used in conjunction with the ePARs
