Subj: Fiscal Year 2016 Open for Human Resources Action Processing

Fiscal Year 2016 budget information has now been established in the ConnectCarolina HR/Payroll system. HR/Payroll users may proceed with entering HR actions that include compensation and/or funding and are effective 7/1/15 or later.

Any such HR actions which were entered in the last few weeks, before FY2016 budgets were loaded, were stopping at the Integration Broker. These actions have now been pushed through to completion.

If you have any technical questions about processing HR actions past July 1, 2015, please contact the Business Systems Help Desk at 919-962-HELP, or submit a help ticket online at help.unc.edu. Your help ticket will be answered by a team dedicated to working on ConnectCarolina questions and issues.
