

Using Term Code

Term Codes are used across ConnectCarolina and InfoPorte. From quick enrolling students to clearing students to graduate, term codes are an important concept to understand.

A Term Code is a four-digit code used to identify a term. These codes follow a consistent pattern as shown in the table below.

1st digit	2nd & 3rd Digit	4th digit
Millennium	Last two digits of year	Term identifier
<u>2</u> 020 = 2	20 <u>20</u> = 20	2 = Spring
<u>1</u> 999 = 1	19 <u>99</u> = 99	3 = Maymester (MM)
		3 = 1st Summer Session (SSI)
		4 = 2nd Summer Session (SSII)
		9 = Fall
